
ARMENIANS APPEAL TO WILSON FOR AID

**President Is Urged to Intercede
to Prevent Massacre
by Turks.**

An appeal was made to President Wilson yesterday by Armenian citizens of the Twin Cities to intercede in behalf of their fellow citizens in the old country who are said to be in immediate danger of massacre at the hands of the Turks.

Mass Meeting Held.

A mass meeting was held at Arcanum Hall, Fourth and St. Peter streets, and a resolution adopted to the effect that the President should be appealed to as the head of the greatest neutral power in the world to prevent a massacre, which the Armenians fear will be as appalling as the one committed by the Turks in 1895.

All Over United States.

The meeting yesterday was the result of an appeal from Armenian officials in the old country asking that meetings be held in all cities of the United States.
